

Holiday School Camps

The camps bring learners together from different schools, creating a vibrant and inclusive space where they can learn, grow, and connect with others. Held during school breaks - March, June and September, these camps provide a safe and engaging environment that balances academic support with fun, and creative activities.

Learners don't just focus on their studies - they also get the chance to develop new skills, explore their creativity, and build meaningful relationships with peers from other schools.

A key strength of these camps is the quality of teaching. Learners benefit from the expertise of passionate educators drawn from different schools and circuits, each bringing valuable knowledge and diverse teaching methods.

This collaborative approach ensures that learners receive high-level academic guidance while enjoying an interactive and enriching learning experience.

Ultimately, these camps aim to do more than just fill the holiday gap - they are designed to boost academic confidence, encourage collaboration, and help learners return to school more prepared, motivated, and inspired.

Holiday School Camps are paid for! Price are communicated through our social media platforms in advance.
