

Matric Upgrading / Second Chance Program

Matric Upgrade is a second chance for individuals who want to rewrite their matric exams and improve their results to meet the entrance requirements for higher education institutions.

We offer **full-time classes from Monday to Friday**, and learners are expected to attend school every day, regardless of the number of subjects they are registered for. This ensures that every student stays engaged, focused, and on track to reach their goals.

How to Register:

We strongly recommend visiting one of our branches to register in person. Please bring along the following **certified documents**:

- Two copies of the candidate's ID
- Two copies of their Matric statement of results
- One copy of the parent/guardian's ID

Costs:

- **Registration Fee:** R1,000
- **Monthly Fee:** R470 per subject
